

Kenya Climate Data Lab

A county-level drought and vegetation stress monitor for all 47 Kenyan counties.

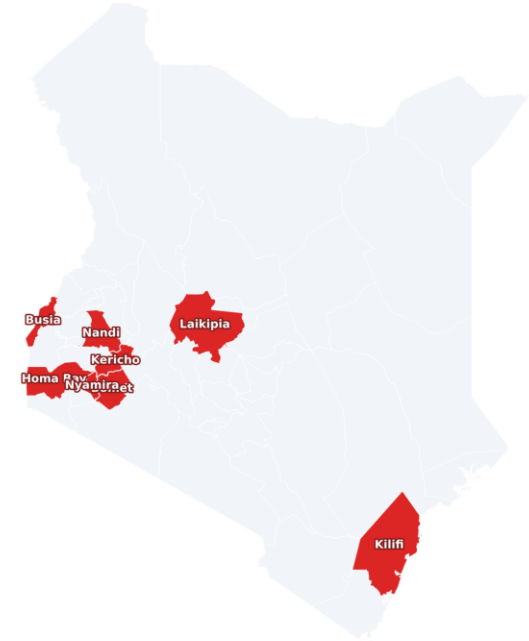

Open source · Built in public · No calibration required

The 2022 drought was 31 counties. The 2022 maize crop loss was 8.

31 counties had severe drought in 2022
Drought severity — any land use

Only 8 had severe drought while maize was growing
Maize-crop damage specifically

31 counties had severe drought

8 had it while maize was growing

I am asking for 20 minutes.
